THE ANVIL, EST. 1888 (CONSOLIDATED)
THE HERALD, " 1891 OCT. 17, 1903.

HONDO, MEDINA COUNTY, TEXAS. SATURDAY, OCTOBER 9, 1915.

VOL. 30. No. 10

County Court.

County court convened at the court house Monday, all the officers being in attendance. The following business was transacted:

CRIMINAL DOCKET.

State vs. Peter Rihn, aggravated assault. Verdict, not guilty.
State vs. Ed. Bowman, carrying concealed weapons (metal knuckles). Verdict, not guilty.
State vs. Federico Ytuarte, aggravated assault. Plead guilty and fined \$25.

CIVIL DOCKET.

Schmitt & Steinhardt vs. J. B. Cox, suit on open account. Passed by agreement for further orders.
Schmitt & Steinhardt vs. Hondo State Bank, garnishment. Same as above.
Andrew P. Allen vs. J. E. Duboe, injunction. Passed over for further orders.
Tabet Brothers vs. Hy. Moore et al., injunction. Same as above.
Adams Company vs. Mrs. Clas. Moore, suit on note. Passed over to a later date of this term of court.
Hondo Commission Co. vs. G. H. & S. A. R. Co., suit on open account for damages on various shipments. Passed by agreement to later date of this term of court.
Joe Schmidt, guardian, vs. W. C. Pearce, suit on note. Continued to perfect service.
J. E. Adams vs. Coopwood-Littleton Co. and Jose Munoz, suit on open account and foreclosure of landlord's lien and chattel mortgage. Settled out of court, cost taxed against plaintiff.
The jury was discharged Tuesday afternoon.

Hondo's Foot Ball Talent.

Thursday morning's San Antonio Express contained quite an elaborate write-up of a football game between the cadets of the West Texas Military Academy and a team of soldiers on the infantry post at Fort Sam Houston, Wednesday afternoon. What made this game of particular interest to the people of Hondo is the fact that a young athlete, born and raised here and whose home is still here, is a member of the victorious team that in a series of brilliant plays defeated the soldiers in one of the most stubbornly contested games pulled off in San Antonio thus far this season. Arthur Jungman, the eldest son of Mr. and Mrs. P. Jungman, Jr., held down the position of right guard in this contest and played the position for all there was in it, and was in no small measure responsible for the brilliant victory the cadets won over their antagonists. A conspicuous feature of this game was the determination to win displayed by the cadets. The soldiers took the lead early in the game, but this, instead of discouraging the embryo soldiers, seemed to inspire them with vim and energy, and when the final score was announced stood 27 to 6 in favor of the cadets. Hondo is proud of her stalwart son and confidently expects him to help his team mates to win other laurels before the close of the football season.

Cotton Fire.

An alarm of fire, by the firing of pistols and the blowing of the siren, a few minutes after two o'clock Friday morning, caused quite a number of our citizens to turn out to combat the fire fiend. The fire was located on the cotton platform, two bales of cotton being ablaze. The first to arrive threw the blazing bales from the platform and had the fire out before the majority of the crowd had reached the scene.

The cotton was the property of Monkhous & Starnes, cotton buyers, and was on the platform to be shipped, already having been baled out.

The origin of the fire is a mystery but the surmise is that it originated from a match or some other inflammable substance that was baled up with the cotton, as the fire seemed to have originated on the inside of the bale.

It is thought that \$30 will cover the loss.

Methodist Church News.

Subject next Sunday morning, "Sowing and Reaping."
Evening Subject, "Human Life as an Evergreen."

The Stewards will meet at the church next Monday evening, at 7:30 p. m.

JOHN M. ALEXANDER, Pastor.

Attention Yeomen.

A meeting will be held at Yeomen Hall on Tuesday night, October 12th. All members are requested to attend.

Noted Baptist Evangelist To Preach Here Sunday

REV. J. W. ANDERSON

He will preach at the Baptist Church next Sunday morning at eleven o'clock and at night. Mr. Anderson has worked as an evangelist over much of Texas; having held four meetings in Uvalde County, in which over 150 united with the church. All are invited to attend. He is author of book, "From Plains to Pulpit".

Collier's Farm Damaged.

Mr. B. G. Collier came in last Saturday and claimed we had done him an injustice. We didn't think much of his complaint at first but the more we have thought of it the more we have become convinced that an unintentional injustice was done him. In mentioning the miniature cyclone that swept over a portion of Medina county some three weeks ago, the name of Mr. Collier was omitted from the list of those who suffered from that atmospheric disturbance, and therein lies the injustice. He says those whose names were mentioned as sufferers from the blow are not bothered by their creditors while he, by his name being left out of the list, is expected to "come across." Now any one can see the injustice that has been done Mr. Collier. Now he does not claim that he had any barns destroyed, out-houses overturned or fencing demolished, but he claims the velocity with which about eight beles of cotton left his farm headed for the north must have carried it least to the arctic regions and he imagines that the Esquimaux women are now gathering it up and weaving it into winter garments. Now they have not remitted for this cotton, and as they have not remitted, he has serious doubts about them ever doing so, the most obtuse can readily understand how he is the loser by the original omission. However, we hope Mr. Collier's creditors will take notice and extend to him the same "leniency" given other storm sufferers. He thinks these storms are great and if they would get the habit of always coming about settling up time, that despite other drawbacks life would be worth the living.

Notice.

I beg leave to notify the people of Hondo and vicinity that I have disposed of my tailoring business to Mr. Walter McClaugherty. In retiring from business I desire to extend my sincere thanks to the good people for the patronage extended me, and earnestly request a continuance of same to my successor.

S. G. CARTER

Referring to above I desire to say that it will be my purpose to serve the people of Hondo to my best ability and trust you will extend to me the same liberal patronage given my predecessor. I shall strive to please all those who entrust their clothing business to me.

Mr. Carter, my predecessor, will continue with me, and will be pleased to greet all his old customers in his new capacity.

ENTERPRISE TAILOR SHOP,
By Walter T. McClaugherty,
Prop.

The Matinee Study Club.

The Matinee Study Club met Friday afternoon Oct. 1 at 4:15 for the purpose of outlining a course of study for the ensuing year. Shakespeare's plays will be studied through December, after which time the Club will select work for the remainder of the Club year. King Lear will be the subject for the next three meetings.

The members are urgently requested to be regular in attendance.

Sweet Potatoes.

Sugared yellow yams, \$1.00 per bushel; German white potatoes, 80c per bushel. Phone 200. L. Barrientes & Sons.

Notice!

The undersigned ginners are under bond to comply with the Warehouse and Marketing Law of Texas, and therefore will not gin any wet cotton; and if it be found after ginning has commenced on a bale that the cotton is wet, damp, rotten or otherwise damaged such fact must be stated on slips of samples taken out. Further, an additional charge of 15 cents per bale will be made to cover extra expense for taking the samples. Further, we authorize all cotton buyers to collect all unpaid gin tolls when purchasing cotton and settling for same.

Respectfully,
MRS. J. W. HOLLOWAY,
Per Clyde Holloway.

Hymn, "The morning light is breaking."
Application by pastor.
League Benediction.

Fraud Paint.

The worst mistake one is likely to make in painting is wrong paint; it is easy to make.

We all say "Ours is the best"; and there are 1000 of us. One is best; but a dozen are so near on a level that no one knows, for sure, that his is the one.

The worst paints are worst liars; they know what they are, put-on a bold face, and brazen it out.

Their one true argument is low price; but low-price paint is always, must be a fraud; it is made to cheat cheatable people.

DEVORE.

Business Change.

Among the business changes in Hondo this week was the sale by Mr. S. G. Carter of the Enterprise Tailor Shop to Mr. Walter T. McClaugherty.

This paper trust Mr. McClaugherty will enjoy a prosperous business career.

Mr. Carter, the former proprietor of the business, will continue his connection with the establishment as an employee of Mr. McClaugherty.

Notice to W. O. W.

Hereafter the regular meetings of the Woodmen of the World will be held on the last Saturday night in each month instead of Monday night as heretofore. Members are requested to remember the change and attend meetings.

H. H. Crow, Clerk.

To Our Subscribers.

The season of the year for settling up accounts has arrived. There are several hundred of our subscribers who have not paid their subscription this year. This money, while small in amount to each subscriber, aggregates a considerable sum to us. We need it in our business and you will find it more convenient to pay while the sum is small than after it has been allowed to accumulate. Please do not wait for us to send a statement or a collector to you but call at the office and settle or mail the same to the paper. By doing this you will greatly oblige us and help us in our efforts to render you good service. We are trying to do something for you every week by giving you a good paper. Will you do this for us? Yours to serve,

FLETCHER DAVIS,
Editor.

Notice.

The Geo. Haass pasture is posted and all hunting or trapping therein is strictly forbidden according to law. Any one caught therein will be prosecuted to the full extent of law.

SAXON SIX \$785

This is Your Car if You Want a "Six" Success

In the Saxon "Six" you get a lightness---a luxury---a comfort---a beauty---a smoothness---a silence---a flexibility---a power that makes the costly quality cars of a short time since seem crude. Today there are four new ideas in motor car design: LIGHT WEIGHT, YACHT-LINE BODY, HIGH-SPEED MOTOR, INCREASED COMFORT FOR ALL PASSENGERS.

All Four of These Modern Ideas You Will Find Incorporated in the Saxon "Six"

LIGHT WEIGHT comes from RIGHT DESIGN and RIGHT MATERIALS. Expensive nickel steel in Saxon axles steering gear and other vital parts is lighter and stronger than ordinary carbon steel. Vanadium steel makes better springs and reduces their weight.

Saxon HIGH SPEED MOTOR DESIGN—gets more power with less gas than men used to get out of bigger motors. Today in your touring car of course you want a "Six". No lesser motor can give you the same even pull, smoothness, quiet power and flexibility. Except for starting the car, gear shifting is practically unknown to Saxon "Six" owners.

The YACHT LINE BODY of the Saxon "Six" exemplifies the latest motor car fashion. Saxon "Six" is a big car for five people—plenty of room in driving compartment and tonneau. Long resilient cantilever springs assure RIDING COMFORT.

If you seek SPEED—Saxon "Six" has it. Recently a stock model covered 490 miles from Los Angeles to San Francisco in 13½ hours, beating the "Lark" the Southern Pacific's fastest train by 15 minutes.

If you seek POWER—Saxon "Six" has it. Saxon "Six" levels hills everywhere. This

car is absolutely phenomenal in its power and flexibility and our dealers will welcome any test you care to invite. We are perfectly confident that Saxon "Six" for power, speed, flexibility, acceleration, hill climbing, quietness, smoothness, coolness and comfort will outperform any car in its price class. Ask to be shown.

If you seek ECONOMY—Saxon "Six" has it. On one day last month 105 Saxon "Sixes" were driven by dealers from Detroit to their home towns. The total mileage covered was 26,350; the average distance driven 252 miles. Over heavy muddy roads these cars averaged 21 miles per gallon of gasoline—some making as high as 26 2-3 miles per gallon. Oil consumption averaged 152 and one-fourth miles per quart.

If you seek a PROVED CAR—real "Six" Success—take this Saxon "Six" at \$785. See your Saxon dealer and place your order at once.

Six-cylinder high-speed motor, 30-35 h. p., electric starting and lighting; demountable rims; 112 in. wheelbase; Timken axles; vanadium steel cantilever spring; 32x34 tires, non-skid in rear; one-man top—\$785.

Saxon Roadster

We sell the Saxon Roadster with the firm belief that day in and day out, year in and year out, in every possible condition of roads or character of service, this car will take its owner wherever he wants to go at less expense than any other automobile.

That is a big claim to make. But 30,000 Saxon Roadsters now in use throughout the world make it good. In owners' daily service, in engineer's trials and in public contests Saxon Roadsters show an average operating cost of only one-fourth cent per mile passenger.

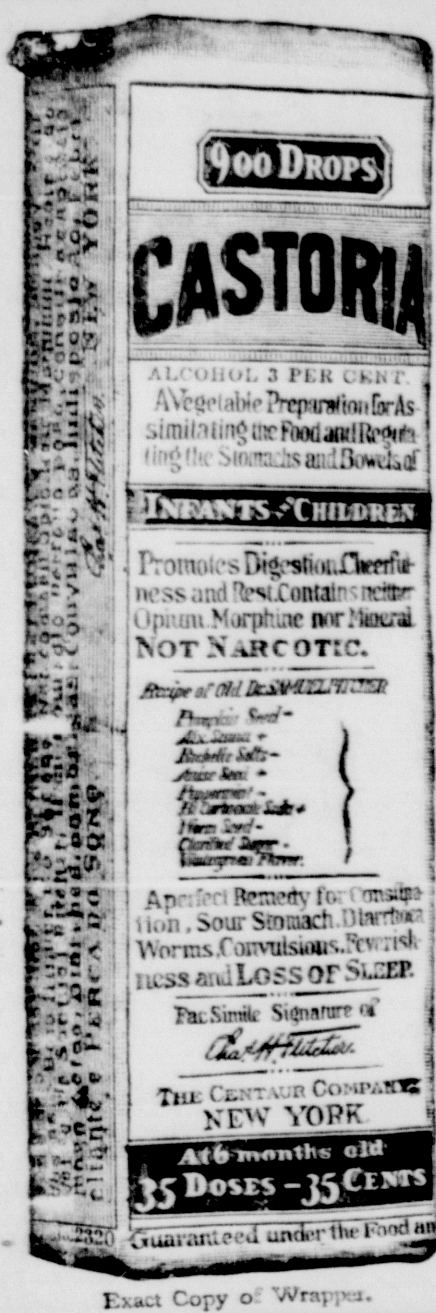

Just think what you get in this wonderful car—for \$395: Saxon motor of amazing power and smoothness; graceful, roomy streamline body; easy riding vanadium steel cantilever spring; honey-comb radiator; dry plate clutch; sliding gear transmission; reliable Atwater-Kent ignition—all standard features, all identical in quality with the features of far higher priced cars.

So you can't go wrong in buying a Saxon Roadster. The car has made good; the company has made good; and 30,000 owners will back your judgment in buying. Buy now and enjoy your car all this fall.

WIRELESS TELEPHONE IS NOW A SUCCESS

J. E. FARNSWORTH SAYS THAT
PRESENT WIRE SYSTEM WILL
NOT BE SUPPLANTED.

IS A MARVELOUS INVENTION

Talk With Europe Possible, but for
Conditions Brought About
By Warfare.

Dallas.—"The success of the experiment by which the voice was recently projected, without the use of wires, across the continent and afterwards from Washington to Honolulu, does not mean that the telephone wire system of the United States will be supplanted," explains Vice President J. E. Farnsworth of The Southwestern Telegraph & Telephone company in Dallas.

"Instead," he says, "the net work of wires which go to make the present universal telephone system will be supplemented by the installation of this marvelous wireless equipment, devised by Bell telephone engineers, by which hitherto impassable barriers to the interchange of intelligence by direct conversation, may be surmounted. Telephone subscribers may soon see the day when they can call up friends who may be passengers on ships at sea. It is said that but for disturbed conditions in Europe we would even now be talking to England or Germany. It is not even beyond the bounds of possibility that the mayor of New York may call the governor of Hong Kong with the remarkable question: 'How are you tomorrow?'"

"It has been demonstrated that the voice may be carried over land telephone wires and be automatically passed through wireless telephone transmitters and be flung across oceans, deserts or mountain barriers.

Results Not Surprising.

"The results of these wireless experiments," continued Mr. Farnsworth, "has not been surprising. Telephone officials generally knew that John J. Carty, chief engineer of the American Telephone & Telegraph company, was perfecting a method by which he hoped to span the oceans without the connecting link of a cable. Since he accomplished the task of establishing a physical wire circuit which would carry the voice from New York to San Francisco, it seemed as if any dream might come true with reference to the telephone.

Twenty years ago real long distance talking, as we know it today, seemed beyond the realm of the imagination. Last January the transcontinental lines were opened. Now we have transmission of sound through 5,000 miles without the use of wires and half of the distance was over land where all sorts of atmospheric conditions prevailed. It seems as if the limit in an age of marvelous accomplishment has been reached."

President Vail's Tributes to Inventor of Wireless.

New York.—In tribute to the recent accomplishment of telephone engineers who have perfected a method for wireless communication by spoken word, and in explanation of the probable uses of the wireless telephone, President T. N. Vail of the American Telephone & Telegraph company, has issued the following statement:

"I do not think I can better express my views in regard to wireless telephone than to quote the telegram which I have just sent to Mr. Carty, chief engineer for the company, with reference to what he has brought about. Here it is:

"Carty, I want to congratulate you on this climax in the way of achievements, the greatest in inter-communication the world has ever seen. To you and to the wonderful staff created by you the world owes a debt. To throw your voice directly, without aid of wires, from Washington to Hawaii, nearly five thousand miles, a greater distance than from New York to Paris, Berlin, Vienna or Petrograd, and greater than between Seattle and Tokio or Yokohama, was wonderful; but to send the recognized voice, part way over the wires and part through the air, was still more wonderful, and was the demonstration of the chief use that will probably attach to the wireless as amplifying and supplementing, not substituting the wire system and bring into communication ships, islands and places which could not otherwise be reached. Your work has brought us one long step nearer to our ideal—'A Universal System'."

"As you will see from this," continued Mr. Vail, "it is clear that wireless will never substitute or supplant the wire systems but will greatly amplify and extend their usefulness. It is humanitarian rather than commercial but it is useful in that it makes conversation possible between places and moving objects that could not be connected by wire. As with wireless telegraphy, it will probably be dependable enough except as outlined above."

Truth Triumphs.

Hondo Citizens Testify for the Public Benefit.

A truthful statement of a Hondo citizen, given in his own words, should convince the most skeptical about the merits of Doan's Kidney Pills. If you suffer from backache, nervousness, sleeplessness, urinary disorders or any form of kidney ills, use a tested kidney medicine.

A Hondo citizen tells of Doan's Kidney Pills.

Could you demand more convincing proof of merit?

John S. Koch, farmer, Hondo, says: "I suffered from lameness and soreness across the small of my back, which I believe was caused by straining. The complaint was most bothersome when I stooped or lifted. At these times my back felt weak and ached in a dull way. One box of Doan's Kidney Pills cured me and I have had no return of the complaint."

Price 50c, at all dealers. Don't simply see for a kidney remedy—get Doan's Kidney Pills—the same that cured Mr. Koch. Foster-Milburn Co., Props., Buffalo, N. Y.

Education that teaches people bigotry and selfishness is one of the devil's most potent instruments.

When Baby Has the Croup.

When a mother is awakened from sound sleep to find her child who has gone to bed apparently in the best of health struggling for breath, she is naturally alarmed. Yet if she can keep her presence of mind and give Chamberlain's Cough Remedy every ten minutes until vomiting is produced, quick relief will follow and the child will drop to sleep to awaken in the morning as well as ever. This remedy has been in use for many years with uniform success. Obtainable everywhere.

What you attain by chance you soon tire of, but what you gain by work you appreciate.

Recommends Chamberlain's Cough Remedy.

"Last winter I used a bottle of Chamberlain's Cough Remedy for a bad bronchial cough. I felt its beneficial effect immediately and before I had finished the bottle I was cured. I never tire of recommending this remedy to my friends," writes Mrs. William Bright, Ft. Wayne, Ind. Obtainable everywhere.

The greatest trouble some people have is listening to the troubles others have.

Chronic Constipation.

"About two years ago when I began using Chamberlain's Tablets I had been suffering for some time with stomach trouble and chronic constipation. My condition improved rapidly through the use of these tablets. Since taking four or five bottles of them my health has been fine," writes Mrs. John Newton, Irving, N. Y. Obtainable everywhere.

Everyone is inclined to give the industrious, honest man a fair show.

For Indigestion.

Never take pepsin and preparations containing pepsin or other digestive ferments for indigestion, as the more you take the more you will have to take. What is needed is a tonic like Chamberlain's Tablets that will enable the stomach to perform its functions naturally. Obtainable everywhere.

Some people gather knowledge with the brain, others with the nose.

For Chapped Skin.

Chapped skin whether on the hands or face may be cured in one night by applying Chamberlain's Salve. It is also unequalled for sore nipples, burns and scalds. For sale by All Druggists.

To man love comes after business—to pretty profitable business.

To Drive Out Malaria

And Build Up The System. Take the Old Standard GROVE'S TASTELESS CHILL TONIC. You know what you are taking, as the formula is printed on every label, showing it is Quinine and Iron in a tasteless form. The Quinine drives out malaria, the Iron builds up the system. 50 cents.

Some of the greatest windfalls have come from hard work.

Wormy children are unhappy, pony and sickly. They can't be otherwise while worms eat away their strength vitality. A few doses of White's Cream Vermifuge performs a marvelous transformation. Cheerfulness, strength and the rosy bloom of health speedily return. Price 25c per bottle. Sold by W. H. Windrow.

The country that has good roads is on the highway of success.

Neuralgia of the face, shoulder, hands, or feet requires a powerful remedy that will penetrate the flesh. Ballard's Snow Liniment possesses that power. Rubbed in where the pain is felt is all that is necessary to relieve suffering and restore normal conditions. Price 25c, 50c and \$1.00 per bottle. Sold by W. H. Windrow.

Citation By Publication.

I. N. Johnson
vs.

known heirs of Paget Halpin, et al.
the District Court, 38th Judicial Dis-
trict of Texas, for Medina county,
State of Texas, to the Sheriff or
any Constable of Medina county,
Greeting:

You are hereby Commanded, that by
making publication of this Citation in
a newspaper published in the Coun-
ty of Medina once in each week for
eight consecutive weeks previous to the
day hereof, you summon the heirs
of the heirs of the said Paget Hal-
pin, whose names and residences
are unknown to plaintiff herein, to
appear at the next regular term
of the Honorable District court of the
38th Judicial District of Texas, held in
the County of Medina to be held at
Court House thereof, in the town
of Hondo on the eighth Monday after
said Monday in September, A. D.
1915, the same being the first day of
September, A. D. 1915, then and there
answer plaintiff's original petition
in said Court on the first day of
September, A. D. 1915, in a suit num-
bered on the docket of said court No.
614, wherein I. N. Johnson is plaintiff,
and the heirs of Paget Halpin, and the
known heirs of the heirs of the said
Paget Halpin, are defendants; the na-
ture of plaintiff's demand being sub-
stantially as follows, to-wit:

Plaintiff sues defendants in trespass
to title to recover the property
hereinafter described; plaintiff alleging
that, on the 3d day of July, A.
D. 1915, he was seized and possessed
and entitled to the possession of said
land and premises, holding and owning
the same in fee simple; that on Au-
gust 3d, 1915, defendants unlawfully en-
tered upon said land and premises and
retained plaintiff therefrom, and still
unlawfully withhold from plaintiff the
possession thereof, to his damage
\$500.00; that the land and premises
withheld by defendants from plaintiff
is for the recovery of which plaintiff
is, as described as follows, that is to
witness:

Situated in Medina county, Texas,
known as Survey No. 486, on the
waters of Deer Creek, a tributary of
Travis River, about 16
miles S. 45 deg. W. from Hondo City,
the virtue of Bounty Certificate No.
235, issued to Thomas Taylor by Har-
vey E. Bee, Secretary of War, Febru-
ary 9, 1838; beginning at a stake the
S. E. cor. of a 320 sur. No. 486 in sec.
made for Jos. Leyer for the S. W. cor.
of this sur., a mesq. 6 inches brs.,
4 deg. E. 31 vrs., another mesq. 4
inches brs. S. 89 deg. E. 55 vrs.;
thence E. 1344 vrs. to a stk. and md.
for the N. E. cor. of No. 1109, a mesq.
4 inches S. 16 1/2 W. 10 vrs. mesq. 7 in-
ches N. 33 deg. W. 18 1/2 vrs.; thence
E. 1344 vrs. to a stk. for N. E. cor.;
thence W. 1344 vrs. to a stk. for the
S. E. cor. of sur. No. 486, sec. 6 and
the N. W. cor. of this sur. a mesq. 8
inches brs. S. 18 deg. E. 15 vrs. an-

other 7 inches, brs. N. 38 deg. W. 16
vrs.; thence S. with E. line of No.
486 1344 vrs. to the place of beginning.
That the aforesaid tract of land was
purchased by plaintiff from the Virgil
A. Johnson heirs on the 21 day of July,
A. D. 1915, which deed is duly recorded
in the deed records of Medina county,
Texas, Book No. 51, page 231, and by
which deed plaintiff acquired the title
to said land and premises. That said
Virgil A. Johnson died intestate leav-
ing certain persons his heirs at law;
that said plaintiff was one of said heirs
and that his co-heirs conveyed said
tract of land to him; that plaintiff's an-
cestor, V. A. Johnson, acquired said land
about twenty years ago at a tax sale.

In addition to alleging that plaintiff
is the true and lawful owner in fee
simple of said premises, plaintiff seeks
to recover said land and premises by
virtue of the statutes of limitations of
five, ten and twenty years, respectively.

That the claim of said defendants to
said tract of land is unknown to plain-
tiff further than the fact that the said
defendants, according to the records of
Medina county, Texas, are asserting,
or pretending to assert, a title to said
premises, for in this they have caused
to be issued and placed of record in the
deed records of Medina county, Texas,
a patent from the State of Texas, No.
614, Vol. 15, dated December 13, 1906;
said patent is issued by the State of
Texas to the heirs of Paget Halpin,
and is for said survey of land.

Wherefore plaintiff prays for judgment
against said defendants for the title
to, and possession of, said land and
premises, decreeing that all the
right, title and interest of said defend-
ants in and to said land and premises, be
cancelled, and that the same be divested
out of them, and each of them, and be
duly vested in plaintiff; that plaintiff
have judgment against said defendants
herein for the recovery of said land
and premises and for their restitution
to plaintiff, for his damages, and all
costs of suit; and plaintiff prays for
such other judgment and decree as the
facts may warrant, and for general
relief; all of which will more fully ap-
pear by reference to plaintiff's said
original petition, now on file in my
office.

Herein fail not, but have you before
said court on the said first day of the
next regular term thereof this writ
with your return thereon showing how
you have executed the same.

Given under my hand and seal of
said court at office in the town of
Hondo this, the second day of Septem-
ber, A. D. 1915.

Issued September 2d, 1915.
[L. S.] AUGUST KEMPE,
Clerk District Court, Medina County,
Texas.

Came to hand on September 2d, A.
D. 1915, at 11:00 o'clock A. M., and
publication of the above Citation or-
dered made in the Hondo Anvil Herald.
J. F. BADER,
Sheriff of Medina County, Texas.
By WESLEY FAVOR, Deputy.

TALK BY WIRELESS TO HONOLULU, H. I.

A CONVERSATION TRANSMITTED
OVER DISTANCE OF FORTY-
SIX HUNDRED MILES.

SECOND SUCCESSFUL TEST

Came After Talk Without Aid of
Wires From the Atlantic to
the Pacific.

New York.—The human voice has
utilized the North American contin-
ent and without the use of wires.
Intelligible sound has been projected
through the ether and words spoken
in an ordinary tone in New York have
reached waiting ears at San Francisco.
Beyond all this the official announce-
ment has been made that the dis-
tance between Washington and Hono-
lulu, four thousand six hundred
miles, has been annihilated by the
wireless telephone as perfected by
J. J. Carty, chief engineer for the
American Telephone & Telegraph
company. Telephone communication
between New York and any of the
great capitals of Europe and even
across the Pacific ocean from Seattle
to Tokyo is now altogether possible,
depending upon the installation of
apparatus.

The same engineers to whom credit
for this achievement in the art of
communicating intelligence by elec-
tricity, has been accorded, at the
same time have announced another
wonderful discovery. In the experi-
ment by which the voice was carried
between New York and San Fran-
cisco, words passed by land wires be-
tween New York and Arlington, Va.,
and from there, as if projected from
the loose ends of the copper strands,
were sent into the air to be wafted
across the plains and valleys, the
towering peaks of giant mountain
ranges and the deserts, to be picked
up again by the slender antennae of
the wireless tower at Mare Island
navy yard and carried to the waiting
ear at a telephone receiver.

This strongly indicates the possi-
bility by which people living inland
may call friends who happen to be
passengers on ships at sea, as voices
are carried over present land lines to
some central station along the coast,
and there automatically passed into
a radio transmitter and projected out
over the ocean to a moving object
and finally to the one who may be
designated to receive the message
sent by such wonderful ways.

Considerable Time.

Engineers of the American Tele-
phone & Telegraph company have
been engaged, during a considerable
time, in perfecting the wireless tele-
phone. To make possible the accom-
plishment recently recorded, it was
necessary, it is stated, to apply radi-
cally new ideas to the generally
accepted theories of wireless tele-
graphy. At first temporary towers at
Montauk Point, L. I., and Wilming-
ton, Del., served the purpose. After-
wards the government loaned its
wireless towers at Arlington, near
Washington, and at Mare Island, near
San Francisco, to the work. Panama
and points in Cuba were also brought
into the experiment. The wireless
station at Pearl Harbor, Hawaii, was
also equipped with necessary tele-
phone apparatus. Obstacle after ob-
stacle was finally overcome.

Seated in his office in New York,
President T. N. Vail of the American
Telephone & Telegraph company,
who authorized the experimental work
spoke the first words to travel, part
by wire and part by wireless, to San
Francisco. He called J. J. Carty, un-
der whose direction the work was
done and who was waiting on the
Pacific coast, to participate in the
final test.

"Hello, Carty," the talk started.

"This is Mr. Vail."

Even Mr. Carty was surprised, so
clearly and distinctly did the words
reach him.

"This is fine," he exclaimed. "This
is wonderful."

Army and Navy Take Part.

Representatives of the United States
government, of the army and the
navy, joined in the demonstration,
talking across the continent without
the use of wires. Words spoken in
this way were repeated back by the
transcontinental land telephone lines
opened last January, and the proof
was conclusive. Secretary of the
Navy Daniels, who had loaned gov-
ernment equipment to the prosecution
of the experiment, issued a formal
statement, announcing the achieve-
ment and placing the government's
stamp of appreciation upon the mar-
velous accomplishment.

Talked to Panama Aug. 27.

Vallejo, Cal.—Wireless telephone
communication between Washington,
D. C., and the Panama canal, a dis-
tance of 2,100 miles, was established
Aug. 27, but public announcement was
withheld until the greater goal—trans-
continental communication—could be
reached. This statement was made
by Chief Engineer John J. Carty
after the conversation in the wire-
less tower at the Mare Island
navy yard with Theodore N. Vail,
president, who was speaking from
New York.

OUR PUBLIC FORUM

C. E. Schaff

On the "Katy" Paying Her Bills.

When the "Katy" pays her monthly accounts, she
reaches down in her stocking and pulls out a roll of
bills large enough to burn up a wet mule. If she paid
off her annual accounts in silver dollars and stacked
them one upon the other they would reach sixty-eight
miles high, would fill sixty-three box cars and weigh
one thousand two hundred and fifty-two tons. Lying
side by side along the track of the Missouri, Kansas
and Texas Railway, they would reach from Galveston
to St. Louis, and double track from St. Louis to Sedalia.
When she opens the pay car door, twenty thousand men
struggle to "touch the hem of her garment," and when
she pays her other expenses as many more smile upon her. Her money
speaks every language, visits every clime and is changed into the coin of every
nation.

Mr. C. E. Schaff, President of the M. K. & T. Lines, when asked to give
the disbursements of his road, during the past year, said in part:

"Comparatively few people appreciate what tremendous sums of money
are distributed by the railroads of the country. Last year the 'Katy,' for
example, paid out in wages of employees alone over twelve million dollars,
and disbursed for material and supplies nearly three million. The income-
taxes handling our last year's business consumed coal to the value of two
million nine hundred and thirty thousand dollars, and the tax gatherer came
in for the neat sum of one million three hundred and twenty-two thousand
dollars; other operating expenses aggregated over three million dollars.
Interest amounting to nearly six million five hundred thousand dollars was
paid to thousands of bond holders.

There were millions of transactions involved in the receipts and dis-
bursements and there is hardly a bank in the world which did not handle
some item in connection with the M. K. & T. business last year.

Consider for a moment the millions of people outside of railway em-
ployees who are indirectly benefited if not entirely dependent upon, the
greatest of all industries of the United States."

More Than Enough is Too Much.

To maintain health, a mature man
or woman needs just enough food to
repair the waste and supply energy
and body heat. The habitual con-
sumption of more food than is neces-
sary for these purposes is the prime
cause of stomach troubles, rheumatism
and disorders of the kidneys. If
troubled with indigestion, revise your
diet, let reason and not appetite con-
trol and take a few doses of Cham-
berlain's Tablets and you will soon be
all right again. For sale by All Dealers.

I take little stock in the wisdom of
women, because of the kind of men
they marry.

Piles Cured in 6 to 14 Days.
Your druggist will refund money if PAIN
EXTRACT fails to cure any case of itching,
bleeding or protruding piles in 6 to 14 days.
The first application gives ease and relief. 50c.

"Oh Look!
I can eat 'em all—they
won't hurt me! That's be-
cause they're made with Calu-
met—and that's why they're
pure, tempting, tasty, whole-
some—that's why they won't
hurt any kid."
Received Highest Awards
New York and London—See also

Cheap and big can Baking Powders do not
save you money. Calumet does—It's Pure
and far superior to sour milk and soda.

A WORD FOR MOTHERS

It is a grave mistake for mothers to neg-
lect their aches and pains and suffer in
silence—this only leads to chronic sick-
ness and often shortens life.

If your work is tiring, if your nerves are
excitable; if you feel languid, weary or
depressed, you should know that Scott's
Emulsion overcomes just such conditions.
It possesses in concentrated form the
very elements to invigorate the blood,
strengthen the tissues, nourish the nerves
and build strength.

Scott's is strengthening thousands of
mothers—and will help you. No alcohol.
Scott & Bowne, Bloomfield, N. J.

Made My Life Worth Living

"I feel it my duty to tell others what
Chamberlain's Tablets have done for
me," writes Mrs. L. Dunlap, of Oak
Grove, Mich. "I have
suffered with pains in
my back and under
my shoulder blade for
a number of years,
also with a poor ap-
petite and constipation.
I tried all of the com-
modities that I heard of,
and a number of doc-
tors, but got no relief.
Finally a friend told
me to try Cham-
berlain's Stomach and
Liver Tablets. I got
a bottle of them and
they soon helped my
stomach," by their
gentle action my bow-
els became more reg-
ular. Today I feel like
praising them to all
who suffer as I did, for
they have cured me and made my life
worth living."

Chamberlain's COLIC, CHOLERA AND Diarrhoea Remedy

THIS is unquestionably the
successful medicine in all
bowel complaints, and it is
the recognized standard over a large
part of the civilized world. Every man
of a family should keep this remedy in
his home. Buy it now. It may save
life. PRICE, 25c. LARGES SIZE, 50c.

EYE STRAIN

is an important ele-
ment in the causes of
many nervous dis-
turbances found in school children.
Life is shortened by nervous debility
and many a child is harmed more be-
cause his eyes are imperfect than from
over taxing his brain. Headaches are
often cured, dull and stupid children
made bright and the teachers' burden
lightened by the correction of defective
vision.

George Washington—"Father of His Country"

EVERY AMERICAN knows that
without "Immortal Washington"
our National Independence would
have been impossible. Few, however,
know that the greatest battle of Wash-
ington's life was fought to secure for
his countrymen the Constitution of the
United States. Almost immediately
after the Revolution it seemed that all
the great sacrifice of blood and treasure
had been in vain. The original thirteen
states refused to work in harmony,
either in spirit or in law. The new
Republic was tottering to its founda-
tions. At this critical period in Amer-
ican history the most brilliant men of
each state met in convention and
unanimously elected Washington as
president—undoubtedly the most
momentous gathering of its kind the
world has ever known. Here he
displayed as great ability as a law-
maker as he had as a warrior. For
months the Fathers of the Republic

labored, and finally adopted our present
National Law, which forever guaran-
tees Religious, Commercial and Per-
sonal Liberty. This was in 1787.
Seventy years later Anheuser-Busch
established their great institution on
the tenets of the Federal law which
Washington did so much to create.
Like all of the great men of his time,
he was a moderate user of good old
barley brews. For three generations
Anheuser-Busch have brewed honest
malt and hop beers. To-day 7500 people
are daily employed to keep pace with
the ever-increasing public demand.
The great popularity of their famous
brand—BUDWEISER—
due to quality, purity,
mildness and exquisite fla-
vor, has made its sales ex-
ceed those of any other
beer by millions of bottles.

Mail orders promptly attended to. Phone or write us for any and every thing usually sold in a Drug store. W. H. Windrow, Prescription Drug-gist, Hondo.

Rev. J. T. Horger returned to Hondo Monday morning from Sabinal, where he had conducted services in the Church of the Nazarene Saturday night and Sunday. He was accompanied by Mrs. Horger.

Taxpayers are not jostling each other in frantic efforts to pay taxes. Up to Friday morning but three poll tax receipts had been issued, as follows: C. B. Leinweber, receipt No. 1, voting precinct No. 1; Aug. Kempf, receipt No. 1, voting precinct No. 16; and Aug. Weynand, receipt No. 1, voting precinct No. 7.

The football team of the Hondo High School will leave this morning for San Antonio where it will contest for honors this afternoon at Electric Park with a team from the San Antonio Academy. A misunderstanding with an Eagle Pass team, which had a game scheduled with Hondo, to be played on the Uvalde gridiron today caused the game to be cancelled, hence the game with the San Antonio Academy. Both Profs. Peters and Willingham accompanied the team to San Antonio.

Abram Mastosesky, a Russian Jew, is in jail with a charge of rape set opposite his name. The complaining witness in this case is a Mexican woman named Garmin Maldonado, living on the farm of Chas. Santleben, in the vicinity of Lacoste. The woman's husband was out in the field at the time of the alleged assault, the woman and her two small children being the only occupants of the house at the time. As rape is not bailable Mastosesky will have to stay in jail until the grand jury investigates his case next month. He claims he is an ex-soldier of the Russo-Japanese war and has medals that he claims were given him for meritorious service in that conflict. He denies the charge of rape.

HAS the Lucky Curve that stops the leaks. Styles and sizes for every body. Let us show them to you.

Messdames A. M. Lamm and W. J. Wheeler went down to Lacoste Sunday to spend the day with their friend, Mrs. J. L. Mechler. They enjoyed an automobile trip to Castroville and other points.

The ladies of the Catholic Church will give a two days' Fair for the benefit of the church, during the second week of District Court, Nov. 9th and 10th. Remember the dates and attend and help a worthy cause.

Preaching at the Pentecostal Church of the Nazarene Saturday 8 p. m., Sunday 11 a. m. and Sunday 8 p. m. embracing second Sunday of each month by Mrs. E. Harrell. Also at 11 a. m. and 8 p. m. on fourth Sundays, by J. T. Harger.

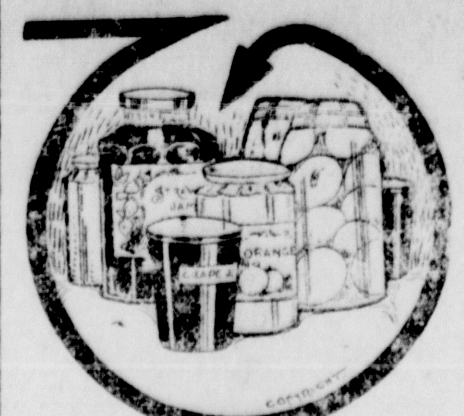

The Mothers' Club will meet next Monday afternoon at four o'clock at the school house. "School Needs and School Efficiency" will be the subject discussed at this meeting, and will be lead by Prof. O. W. Peters. A full attendance of the membership is requested.

Miss Doris McVea, who stopped over on a visit to her sister, Mrs. J. B. Hurt, continued her journey to her home in Waeider Monday. Miss Doris had visited in Van Horn, and was in that town when the body of Gen. Orozco, who was killed in a battle with Americans near there, was brought there for shipment to El Paso.

Right Reverend Bishop J. W. Shaw will be here tomorrow (Sunday) to administer the sacrament of confirmation to about twenty children at St. John's Catholic Church. The Bishop will preach at 9:30 mass in the morning. The general public is invited to attend these services. The afternoon services will be devoted to Mexicans exclusively.

A couple of our Aztec citizens engaged in an affray last Saturday evening. Federico Yuarde wielded a razor rather effectively, slashing Setrineno Niro across the neck and abdomen, making quite ugly wounds. Surgeons made repairs on Setrineno and he is now on the high road to recovery. Federico had an interview with his honor, Judge Noonan, and drew a prize package of \$25 and "trimmings" on a plea of guilty of aggravated assault.

POLITICIAN'S IDEA OF WORD

Newly-Elected Commissioner Requests Pupils Spell Eggit When He Really Meant Egypt.

A country politician was elected to the school board. One day he visited a school and told the teacher he desired to examine the boys and girls.

A spelling class was performing, so the commissioner said he would inquire into the proficiency of that organization. The teacher gave him a spelling book and the students lined up in front of the mighty educator.

He thumbed the book. Then, pointing at the first boy, he said:

"Spell eggit."

"E-g-g-p-i-t," slowly spelled the boy.

"Wrong," said the commissioner, and pointing to the next boy:

"You spell eggit."

"E-g-g-p-i-t," spelled the boy.

"Wrong. You spell it."

The next boy spelled it the same way, and the next and the next.

"Bad spellers, those," commented the commissioner to the distressed teacher.

"Why, Mr. Commissioner," she protested, "they have spelled eggit correctly."

"They have not."

"Will you let me see the word in the book?" the teacher asked, tearfully. "I am sure they have."

"Here it is," said the commissioner, and he pointed to the word "Egypt."

Place to Growl.

"Your husband has a dog, hasn't he?"

"Oh, yes."

"Where is he?"

"He's gone up to the tax office with my husband."

"But what does he take the dog there for?"

"Oh, the dog can growl, too."

Caring for Stock.

Mrs. Farmer—They tell me that oxen and sheep are believed to fatten better in company than when kept alone.

Mr. Farmer—Well, when Susie has her young man in the parlor tonight I'll ask her to invite 'em in.

SATURDAY, OCTOBER 9, 1915

Don't.

"Don't hunt after trouble, but look for success.
You'll find what you look for; don't look for distress.
If you see but your shadow, remember, I pray,
That the sun is still shining, but you're in the way.
"Don't grumble, don't bluster, don't dream and don't shrink,
Don't think of your worries, but think of your work.
The worries will vanish, the work will be done,
No man sees his shadow who faces the sun."
—Selected.

DIFFICULTIES overcome are the materials out of which we build success.

THE greatest achievement is self-control. That achieved all other achievements are possible!

THE owl won a reputation for being a wise bird by looking wise and saying nothing. But who wants to be an owl?

HE who can dwell in the kingdom of mind with good and wholesome thoughts for servants to do his bidding has overcome environment and reared for himself a castle of content!

WONDER why the sympathizers with the Teutons in this country have not started a popular loan or subscription for their benefit in retaliation for the proposed British-French loan? Does anybody suppose it won't be done?

NATURE has a wonderful way of adjusting matters. Now that boll weevils are destroying the cotton forms as fast as made the army worm is putting in an appearance in many places and denuding the plant of foliage, thereby destroying the breeding places of the weevils. Viewed in this light, one evil is overcome by another and the lesser evil, in the case of the army worm, becomes a blessing in disguise. They are rendering a service, in destroying the breeding places of the weevils, which many farmers can not or will not do for themselves.

THE published summary of Superintendent Saathoff's annual report contains some facts that should give thoughtful people pause. Out of the 2,888 scholastics enumerated only 1,105, or a little more than 38 per cent, were enrolled in school. The schools were taught on an average of only 145 days each and, low as was this average, the average attendance per pupil was only 107 days. In other words, of the 38 per cent enrolled for that meagre time

State of Ohio, City of Toledo, Lucas County.

Frank J. Cheney makes oath that he is a resident of the City of Toledo, Ohio, and is the owner and proprietor of the Toledo Blade, a newspaper published in Toledo, Ohio, and that said newspaper has published and is publishing for each and every issue of said newspaper a notice of the use of HALL'S CATARRH CURE.

Sworn to before me and subscribed in my presence, this 9th day of December, 1915.

A. W. GLEASON,
Notary Public.
Hall's Catarrh Cure is taken internally and acts directly upon the blood and mucous surfaces of the system. Send for testimonials free.

Sold by all Druggists, etc.
Take Hall's Family Pills for constipation.

there was an average absence from school for each child enrolled of 38 days. It is small wonder then that of the 1,105 enrolled only 751, or only a little over 66 per cent, were promoted. In other words, of the 2,888 scholastics in the country 2,137, or a little over 73 per cent, either were out of school altogether or else made no progress in the school. Of course, these figures apply to the rural schools only. It is doubtful if the independent districts would make any better showing. It is evident that if the schools are to render the services to the children that they should, parents will have to arrange for a better attendance upon the part of their children. Not to do so is to rob the tax payers of their contributions to free education and rob the children of their birthright—shameful things to be guilty of indeed!

It strikes this paper as being an extraordinary thing that this country should finance the cause of the Allies in their effort to crush Germany as is being planned by the financial agents of the Allies now in America and their American Agents, the Morgan banking interests. Why should a neutral people, as Americans are supposed to be, lend their credit to either side of the controversy and thereby become participants in the wholesale murder now raging in that distraught country? Dictates of humanity should decree otherwise. But viewed as a purely business proposition it can not be wise. The demand for American products in Europe has started a large flow of gold and American securities to this country. If continued this would mean a large increase in the circulating medium of the country. A large volume of money means cheaper money. Cheaper money means easier liquidation of debts, taxes, etc., and prosperous times. It means

WHEN IT LOOKS DARK to any weak or ailing woman.

Dr. Pierce's Favorite Prescription comes to her help. For "female complaints," pains, internal inflammation or ulceration, bearing-down sensations, and all chronic weaknesses and derangements, this is the proven remedy. It's the only one so sure that it can be guaranteed. "Favorite Prescription" will benefit or cure, in the case of every tired and afflicted woman.

Mrs. Josie Ford, 100 South Washington Ave., Dallas, Texas, says:

"It has been some ten years since I used Dr. Pierce's Favorite Prescription but I can't say too much in favor of what it did for me and have spoken highly of it many times as I am a nurse and have used it in many cases myself. Hope this may be a help to some one who needs relief."

Dr. Pierce's Pleasant Pellets regulate and invigorate stomach, liver and bowels.

an era of new investments and new enterprises. Much is being made of the statement that the loan will not take any of the money out of this country, that it is merely a credit plan whereby the Allies can secure supplies on time. Exactly so, it will enable them to stop the flow of money out of their country and both feed them, arm them and save their credit at the expense of America. No doubt but what the Morgans will profit immensely by the transaction. Their position as agents will enable them to pocket a handsome commission, and as bankers holding large amounts of notes that would be liquidated should we have a large volume of cheap money, they will profit indirectly many millions more. Aside from the Morgans and their allied interests, we fail to see who in America is to profit by this proposed loan, especially in view of the fact that there are plenty of industrial enterprises in America awaiting financing to utilize all this credit. But the sickening thought of all is this: Suppose that in the eventualities of war a German fleet of war vessels should bombard and destroy New York, and with it the Morgan banks, in retaliation for our placing this weapon in the hands of her enemies now in her hour of extremity? Then our boys would be expected to give their lives in battle. What for? To repel invasion and protect our homes? Nay, Nay! On the contrary, back behind and beneath it all would be the real cause—the Morgans' greed for making gold! God forbid!

THE gospel of diversification and reduction of cotton acreage that was so industriously preached last spring has been vindicated by its fruits. The present cotton crop will be about one fourth less than the crop of last year but bids fair to bring the farmers more money. It was produced at less cost than the previous crop and hence more of its proceeds will remain in the hands of the producers. The farmers, for the most part, are better supplied with feed stuff and food products than ever before, hence more of this money will be available for investments and conditions generally will be improved over the state. Will farmers be equally wise and diversify and live at home next year or will the increased price of the staple make them commercial speculators?

Thomaston Hears Davis.

Thomaston, Tex., Oct. 2.—Almost the entire adult population of Thomaston turned out to the Woodmen of the World Hall last night, where Fletcher Davis, field agent for the State Department of Agriculture, spoke on agriculture. He said a farmers' institute is a school for the farmer, where whoever will learn may be a pupil, and all who know something useful may be teachers. He then discussed agriculture with special reference to crop and seed selection, soil preparation and tillage, insect pests and plant diseases, and better marketing. He advised early and deep fall plowing to destroy the hibernating places of boll weevils and to return as much vegetable matter as possible to the soil. He was given close attention throughout his discourse.

After his address W. B. Bridgen, an agriculturist here, was elected entomologist for the local institute. The institute was organized here some two years ago.

Other officers are Tom Murphree, president; Ben Murphree, vice president, and P. J. Ramsey, secretary.—San Antonio Express.

Facts For Sufferers.

Pain results from injury or congestion. Be it neuralgia, rheumatism, lumbago, neuritis, toothache, sprain, bruise, sore stiff muscles or whatever pain you have yields to Sloan's Liniment—brings new fresh blood, dissolves the congestion, relieves the injury, the circulation is free and your pain leaves as if by magic. The nature of its qualities penetrate immediately to the sore spot. Don't keep on suffering. Get a bottle of Sloan's Liniment. Use it. It means instant relief. Price 25c. and 50c. \$1.00 bottle holds six times as much as the 25c. size.

Don't Invite Serious Sickness

"A stitch in time saves nine," is an old and trite saying, but it is nevertheless true. Common colds and a constipated condition are the foundation of many serious illnesses and dread diseases that could be avoided if prompt attention were given to the first so-called slight ailment.

Every family can provide prompt treatment for these first attacks of ill health—and every family should be prepared for an emergency by having on hand that standard, old family cough syrup, Foley's Honey and Tar Compound, for the relief of coughs, croup, whooping cough, irritated and inflamed throat, tight and sore chest, grippe and bronchial coughs.

Foley's Cathartic Tablets are just the thing for constipation and sluggish bowel movement—a wholesome laxative and cleansing cathartic. They do not grip or cause nausea or inconvenience and are particularly welcome to stout people.

W. H. WINDROW, Hondo
LOUIS CARLE, D'Hanis

RHEUMATIC SUFFERERS GIVEN QUICK RELIEF

Pain leaves almost as if by magic when you begin using "5-Drops," the famous old remedy for Rheumatism, Lumbago, Gout, Sciatica, Neuralgia and kindred troubles. It goes right to the spot, stops the aches and pains and makes life worth living. Get a bottle of "5-Drops" today. A bottle with each bottle gives full directions for use. Don't delay. Demand "5-Drops." Don't accept anything else in place of it. Any drug store can supply you. If you live too far from a drug store send One Dollar to Swanson Rheumatic Care Co., Newark, Ohio, and a bottle of "5-Drops" will be sent prepaid.

Constipation

Intestine clogged. It leads to serious ailments, Fever, Indigestion, Piles, Sick Headache, Poisoned System and a score of other troubles follow. Don't let Constipation fester. Keep your Kidneys, Liver and Bowels healthy and active. Aid your system of fermented, fatty foods. Nothing better than

Hondo, Texas

Crop Conditions.

Corn throughout the Wise-Hill and intermediate counties district was not so much injured by storms as was at first feared, and average crops will be made. Gathering will be completed by the time this bulletin is out. Cotton is making rapidly, though the yield will be short—about 60 per cent normal and about 75 per cent last year's crop. Sweet potatoes are fine, with a better than normal yield. The peanut and hay crops are good—better than normal.

The cotton crop in Jones and immediately contiguous counties will make perhaps a half bale to the acre, but in the more Northern region it will fall short of that yield.

Crop conditions in the region of which Boyd, Wise county, is center: Early corn, 80 per cent; late, 90 per cent; hay, 90 per cent; cane, 85 per cent; cane seed, 30 per cent; late garden, 90 per cent; cotton, 55 per cent, and badly infested with weevil. Weevil all over North Texas.

Conditions in Upshaw and Smith counties: Cotton, 60 per cent; corn 50 per cent; ribbon cane, 90 per cent; hay crops, 95 per cent; sweet potatoes, 90 per cent; fall garden and truck crops, 75 per cent; fall Irish potatoes, 65 per cent. General complaint of boll weevil, turnip flies and cattle ticks.

In the sections contiguous to Houston, Rosenberg, Alvin, and throughout DeWitt and Lavaca counties, the crops generally are not very good. In most places cotton, with a light and unsatisfactory yield has been more than half gathered. There is a fair chance for a tall crop provided the boll weevil does not destroy it. The army worm is reported at some places, with farmers preparing to resort to poison. The corn yield is short but large, and farmers will make home consumption.

In Karnes and Wilson counties reasonably good corn crops, with most of it in the fields, will be gathered. A fairly good first crop of cotton has been gathered, but the top crop is an approximate failure owing to seasonal conditions and boll weevil. First crop feedstuffs were allowed to deteriorate in the fields but second crop, like the grass throughout the area named, is very fine.

Crop conditions in Wise and Montague counties September 25: Early planted corn, 85 per cent; late, 92 per cent; cotton, 55 per cent—weevil infested; hay, 82 per cent; cane and kaffir, 100 per cent; gardens and truck, 90 per cent; sweet potatoes, 100 per cent. Some hog cholera about Bridgeport, Wise county.

About a quarter of a bale to the acre has been made on the cotton acreage between San Antonio and Nixon in Gonzales county, with no top crop in sight, the boll weevil being active. The corn yield in the same territory is light. Pasture grass is abundant and luxurious. No fall plowing of consequence has been done.

The hay crops in Leon county are reported as late as September 27 as fine, the corn as fair despite the gloomy outlook of the previous fortnight, but the cotton very short, with no promise of a top crop.

Crop conditions in Henderson and Navarro counties September 25: Corn, 85 per cent; cotton, 55 per cent; hay crops, 90 per cent; sweet potatoes, 80 per cent; fall gardens, 70 per cent; ribbon cane, 90 per cent; field peas, 80 per cent. About two-thirds of the cotton has been picked.

How to be Efficient.

Nothing saps the vitality like kidney trouble. It causes backache, headache, stiff joints, sore muscles, "always tired" feeling, rheumatism and other ills. To be efficient, you must be healthy. Foley's Kidney Pills strengthen the kidneys, help them do their work of filtering out from the system the waste matter that causes the trouble. Louis Carle, D'Hanis; W. H. Windrow, Hondo.

Sabinal Sentinel Siftings.

Mrs. Joe Reilly returned last Friday from a visit in San Antonio. Mr. W. E. Albrecht went to D'Hanis last night. He has a position there with Rothe & Koch.

Our Jitney Offer—This and 5c.

DON'T MISS THIS. Cut out this slip, enclose with five cents to Foley & Co., Chicago, Ill., writing your name and address clearly. You will receive in return a trial package containing Foley's Honey and Tar Compound, for coughs, colds and croup, Foley Kidney Pills, and Foley Cathartic Tablets. Louis Carle, D'Hanis; W. H. Windrow, Hondo.

CASTROVILLE ANVIL SPARKS

This Department is in charge of our Authorized Agent for Castroville—

ED. H. HUEHNER, Editor

who is authorized to collect and receipt for money due this paper and to whom items intended for this page should be submitted.

Mrs. J. T. FitzSimon and son, James, visited relatives and friends in San Antonio the middle of the week.

Mr. and Mrs. Alfred N. Steidle of Jourdanville spent Sunday with relatives here and at Cliff.

Mr. and Mrs. Chas. Suehs Sr. have returned from a week's visit to relatives in D'Hanis.

Mr. and Mrs. Edwin Balzen and baby of Sturm Hill spent Sunday with Mr. and Mrs. Emil Haegelin.

Cards have been received by friends announcing the birth of a 10-lb son, born Oct. 3, 1915, to Mr. and Mrs. Augustus C. Rothe at Seco, Texas. This is Mr. and Mrs. Jos. Courand's first grand-child.

Mr. and Mrs. Henry Boehme and two children of Riomedina were shopping in town Thursday.

Mr. and Mrs. Jack Stein and children of Cliff visited here Sunday.

Miss Pauline de Montel is visiting relatives in Hondo.

Mr. and Mrs. Manuel Schuchart and two children of Cliff spent Sunday here with relatives.

Born, to Mr. and Mrs. Jack Hutzler, Sept. 29, 1915, a daughter.

Mr. and Mrs. Robert Rihn and little son and Miss Gertie Rihn visited relatives in Dunlay during the week.

Mr. and Mrs. Henry Tschirhart were Riomedina visitors Saturday.

Mr. and Mrs. W. R. Bergers of San Antonio spent several days here this week.

Mrs. Rosa Biediger and Alfred Rihn were Alamo City visitors Friday.

Otto Wurzbach of Cliff was a visitor here Friday.

Mr. and Mrs. Edmund Haby and son of Dunlay were shopping here Wednesday.

Mr. and Mrs. Alois Haby and children of Red Wing were guests of Mr. and Mrs. Arthur Grimsinger Sunday.

Mr. and Mrs. Adolph Wurzbach of Cliff spent Sunday here.

Louis Haby and family of Dunlay spent Sunday here with Mesdames Jos. Carle, Sr., and Sebastian Marty.

Prof. Morris visited the Alamo City Friday evening.

Mrs. John Haken and son, Adolph, of Chico visited here Sunday.

Mrs. George Haass and daughter, Miss Louisa, of Biry attended church here Sunday.

Charley Burell and Miss Helen Mehr were Alamo City visitors the first of the week.

Miss Lizzie Kilhorn returned home from a week's visit to relatives in Hondo.

Mr. and Mrs. Adolph Haby and Mr. and Mrs. Willie Burger and little son of Dunlay were guests of Mr. and Mrs. Fred Jungman.

Bans of Mr. Joe J. Rihn and Miss Mamie Biediger were announced in the Catholic Church Sunday.

Mrs. Gus Keller and children of Lacoste visited here Friday.

Mr. and Mrs. Willie Jungman and Mr. and Mrs. Henry Mangold of Lacoste visited here Sunday.

Mr. and Mrs. Fritz Frerichs and Mr. and Mrs. Hobby Frerichs of Hondo were here Sunday.

Mr. and Mrs. Jos. Courand and daughter, Miss Julia, of San Antonio stopped over on their way to Seco Monday. Mrs. Courand will visit her daughter, Mrs. Rothe, for a week. Castroville, Oct. 4, 1915.

The Next Best Thing to the Pine Forest for Colds is—

Dr. Bell's Pine-Tar Honey which goes to the very root of cold troubles. It clears the throat and gives relief from that clogged and stuffed feeling. The pines have ever been the friend of man in driving away colds. Moreover, the pine-honey qualities are peculiarly effective in fighting children's colds. Remember that a cold broken at the start greatly removes the possibility of complications. 25c.

Noonan Notes.

Mr. Frank Lowe was in Castroville Monday.

Mr. and Mrs. Henry Kempf were Devine visitors Thursday.

Messrs. Jim Shelton and Harve Green were Natalia visitors Wednesday.

Mr. and Mrs. Lou Rogers of Mustang Prairie are spending a few days at Devine with a sick child.

Mr. Herman Rogers of Devine visited Lawrence Shelton Tuesday.

A surprise party was given to Miss Alvina Kempf Friday night in honor of her birthday.

Mrs. George Farris and daughter, Miss Hazel, visited Mr. and Mrs. Carnes and children Tuesday.

Mrs. Martha Culpepper was a Devine visitor Saturday.

Landy Shelton made an overland trip to Lytle Tuesday.

Mr. John Droitecourt of Castroville spent Wednesday with Mr. Curt Richardson.

Sept. 24, 1915.

New Fountain Notes.

Mr. Charles Senne and family were tendered a pleasant surprise party at their home last Saturday night. One of the biggest crowds that gathers at a party assembled there that night. Dancing was indulged in until a late hour. Coffee and cake, and two kegs of German brew were also served.

Mr. and Mrs. F. H. Bohlen and daughter, Miss Frieda, visited Henry Schulte and family in the Dunlay neighborhood Sunday. Mr. Bohlen has sold his place at New Fountain to Mr. Schulte.

Charles Senne sold his farm implements, etc. at auction yesterday. Mr. Senne and family will soon leave this place for Brackettville where they will in future reside.

Emil Leinweber and family of the Upper Hondo visited relatives here Sunday.

Mr. and Mrs. Louis Schlentz, Mr. and Mrs. Alfred Schlentz, and Mr. and Mrs. Edward Moehring visited Mr. and Mrs. Willie Poehling Sunday.

Mr. and Mrs. Hubert Burger went to San Antonio Monday evening, where Mrs. Burger goes for treatment.

Fritz Herzog left last week for San Antonio after a week's visit with relatives here.

Ernest Bohlen was visiting friends at the Lower Hondo Sunday. It seems that Ernest has found some-one very attractive down there.

Miss Christine Saathoff was home from Hondo Sunday.

Folkert Saathoff and son, Hugo, took two wagon loads of hogs to the San Antonio market last week.

Mesdames E. H. Hartmann and Willie Fessler of Yancey visited Mr. and Mrs. George Bohm-falk, at this place the later part of last week.

The Vandenberg school opened Monday with Miss Fly of Hondo as teacher.

Rev. L. Hoefer, the Quili pastor, will preach his farewell sermon at the church Sunday. The reverend gentleman has chosen and secured another place.

New Fountain, Texas, Oct. 6, 1915.

A Clogged System Needs Attention.

Are you bilious, dizzy and listless? Dr. King's New Life Pills taken at once seize upon constipation and starts the bowels moving naturally and easily. Moreover it acts without griping. Neglect of a clogged system often leads to most serious complications. Poisonous matters and a body poorly functioning need immediate attention. If you wish to wake up tomorrow morning happy in mind and entirely satisfied, start your treatment to-night. 25c a bottle.

One of the easiest ways to swindle a man is to tell him that you have a proposition that you wish to present only to a hard-headed, cautious business man.

Coughs That are Stopped!

Careful people see that they are stopped. Dr. King's New Discovery is a remedy of tried merit. It has held its own on the market for 46 years. Youth and old age testify to its soothing and healing qualities. Pneumonia and lung troubles are often caused by delay of treatment. Dr. King's New Discovery stops those hacking coughs and relieves lagrippe tendencies. Money back if it fails. 50c and \$1.00.

Bad luck makes for a happy life as an ultimate result. The most sunny dispositioned dog only knows real happiness after he has been tin-canned a few times.

Two Children Had Croup.

The two children of J. W. Nix, Cleveland, Ga., had croup. He writes: "Both got so choked up they could hardly breathe. I gave them Foley's Honey and Tar and nothing else and it completely cured them." Contains no opiates. Cuts the phlegm; opens air passages. Louis Carle, D'Hanis; W. H. Windrow, Hondo.

If you are going to "cast your bread upon the waters," make sure that it is good bread, because some day you know what becomes of it.

It others had the same information upon which to base an opinion of us as we have ourselves, a lot of us would not be considered so important.

Some wives act as if they would be the most surprised persons on earth if someone should tell them how crooked their husbands are.

Nearly every family has kin that they refer to with a kind of awe and others that they don't refer to at all if they can help it.

Don't sacrifice yourself too much. If you do you may lose an opportunity meant for you, and Opportunity comes but once.

We suspicion that some parents lay the plans for an elopement to save all the expense and trouble of a regular wedding.

An Old Kentucky Home

Since I Began Taking Peruna I Weigh 120 Pounds for the First Time in My Life. My former weight was 102 lbs. My Mother who is 76 Years Old Had Grown so Weak She could scarcely walk. She also took Peruna and is fleshier and looking well.

The above splendid woman is Mrs. Estelle Hamilton, of 915 Glen Ave., Latonia, Ky. She recommends Peruna to all housewives. Address The Peruna Co., of Columbus, Ohio, for a free copy of the "Facts of Life."

HUSBAND RESCUED DESPAIRING WIFE

After Four Years of Discouraging Conditions, Mrs. Bullock Gave Up in Despair. Husband Came to Rescue.

Patron, Ky.—In an interesting letter from this place, Mrs. Bettie Bullock writes as follows: "I suffered for four years, with womanly troubles, and during this time, I could only sit up for a little while, and could not walk anywhere at all. At times, I would have severe pains in my left side.

The doctor was called in, and his treatment relieved me for a while, but I was soon confined to my bed again. After that, nothing seemed to do me any good.

I had gotten so weak I could not stand, and I gave up in despair.

At last, my husband got me a bottle of Cardui, the woman's tonic, and I commenced taking it. From the very first dose, I could tell it was helping me. I can now walk two miles without its tiring me, and am doing all my work."

If you are all run down from womanly troubles, don't give up in despair. Try Cardui, the woman's tonic. It has helped more than a million women, in its 50 years of continuous success, and should surely help you, too. Your druggist has sold Cardui for years. He knows what it will do. Ask him. He will recommend it. Begin taking Cardui today.

F. A. Vanderlip
On The Business of Banking

The farmers of this nation to come into their own must study business. We must, as a class, understand the fundamental principles that underlie every industry, its functions to society and its relation to agriculture for there can be no intelligent co-operation without understanding. Mr. F. A. Vanderlip, president of the National City Bank of New York, when asked "What is a Bank" said in part:

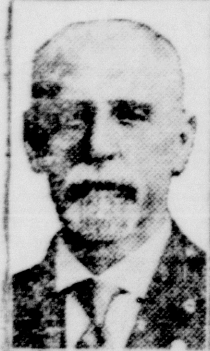

"The first and most familiar function of a bank is that of gathering up the idle money of a community, small sums and large, and thus forming a pool or reservoir upon which responsible persons may draw as they have temporary use for money. It is evident that this makes large sums in the aggregate available for the employment of labor and the development of the community. But much more is accomplished than the use of the money actually deposited in the banks, for by the use of drafts, checks and bank notes the efficiency of money is multiplied several times over. A very large business, for example one of the great beef packers, may use very little actual money; on one side of its bank account will be entered the checks, and drafts it is daily receiving from everywhere in payment for meats, while on the other side will be entered the checks it draws in payment for cattle, etc., its only use of money being for small payments, to labor and otherwise."

If there were but one bank in a community and everybody paid all bills by drawing checks on that bank, and everyone receiving a check immediately deposited it in the bank, the amount of money in the bank evidently would not change at all and the entire business of the community would be settled on the books of the bank. And the situation is but slightly changed when there are several banks, for they daily exchange among themselves all the checks they receive on each other, which practically offset themselves, although the small balances are paid in cash. This is called "clearing" and in every large city there is a "Clearing House" where representatives of the banks meet daily to settle their accounts with each other.

A bank is constantly receiving from its customers, particularly those that are shipping products to other localities, drafts and checks drawn on banks in other cities, which it usually sends for deposit to a few correspondent banks in the central cities with which it maintains permanent accounts. In this way these scattered credits are consolidated and the bank draws upon these accounts in supplying customers with the means of making payments these accounts in the course of a year, these payments largely offset each other. It is evident that the banks are very intimately related to the trade and industry of a country. The banker is a dealer in credit much more than a dealer in money, and of course his own credit must be above question. He exchanges his credit for the credits acquired by his customers, and lends credit for their accommodation, but he must conduct the business with such judgment that he can always meet his own obligations with cash on demand. This is the essential thing about bank credit, that it shall always be the same as cash."

Peter Radford
On Co-Operative Marketing Plan

The Farmers' Union is the pioneer force in the campaign for cheap money, warehouse facilities and a financial system adapted to the business of farming. The Union has always stood for the best interests of the farmer and realizing that the task was so monumental as to require the combined effort of all forces, the Farmers' Union, some four years ago, blew the horn and called all hands together to build more warehouses and supply cheap money, and as a result the farmers, the business men and the statesmen, are now shaking hands over a bale of cotton. While the work has only begun, sufficient progress has been made to fully justify the policy of co-operation adopted by the Union and on behalf of the Texas growers I want to thank all agencies now engaged in assisting the farmers in solving the cotton marketing problem.

We have made reasonable progress in the plan now under way, which contemplates that the business men and farmers build the warehouses; the State supervises the storage and validates the receipt and the banker provides the money at a low rate of interest. The State announces ready and the warehouse commission, with an able corps of assistants, has its problems well under way, and the bankers have declared a willingness to advance money at a rate not to exceed six per cent.

Many warehouses now existing have gone under State supervision, and others are being constructed, but no warehouse system can be made a complete success without sufficient storage capacity to handle the crop.

The present warehouse system is swung around co-operation and it is up to the Texas farmer to assist in constructing warehouses and to patronize them after they are built. No warehouse can succeed unless the farmers organize around it, for no business can prosper without patronage. The farmers and business men must come to the aid of the system and I make a special plea to the farmer, for he is the beneficiary of the movement.

We have just passed through the greatest slaughter in crop prices ever known in the history of the cotton industry. The loss to the Southern planter last year was greater than that of the freeing of the slaves during the Civil war, and the European conflict is by no means over. The phantom of low prices that hover around every cotton field in Texas ought to encourage the farmers to deeds of commercial valor. Look upon the face of your babe in the cradle; look upon the woman who stands by your side, then look your own destiny squarely in the face. Lay aside the petty differences that so easily beset you, awaken from the lethargy of indifference that steepens your senses in poverty and arouse thoughts from their dumb cradles and be up and doing with a determination that wins, and rally around the Union, for there is no other road to success except through organization.

My Auto 'Tis of Thee.

The following "poem" came to this office through the mail with a request to publish, and while it is against the rules to publish anonymous contributions the rule will be waived this one time. About four hundred of the Anvil Herald readers own autos, and among that number we feel sure our unknown author will find someone to sympathize with him in his tribulations.

My auto, 'tis of thee,
Short cut to poverty—
Of thee I chant.
I blew in a pile of dough
On you two years ago,
And now you quite refuse to go,
Or won't, or can't.

Through town and countryside,
You were my joy and pride—
Ah! happy days!
I loved thy gaudy hue,
Thy nice white tires so new,
But now you're down and out for true
In every way.

To thee, old rattle box,
Came many bumps and knocks;
For thee I grieve.
Badly thy top is torn,
Thy seats are old and worn,
The whooping-cough affects thy horn,
I really believe.

Thy perfume sweels the breeze,
While good folks choke and sneeze,
While we pass by.
I paid for thee a price,
'Twould buy a mansion twice;
Now everybody's yelling "Ice!"
I wonder why?

Thy motor has the gripe,
The spark-plug has the pip,
And woe is thine.
I too have suffered chills,
Ague, and kindred ills,
Endeavoring to pay my bills
Since thou wert mine.

Gone is my bank-roll now,
No more 'twould choke a cow,
As once before.
Yet if I had the mon',
So help me John—amen,
I would buy myself a car again,
And speed some more.

The Year's Program.

The following is the program for the year's work of the Parents' Teachers' and Friends' Club:

- OCTOBER 11
"School Needs and School Efficiency." Leader—Prof. O. W. Peters.
- NOVEMBER 8
"School Hygiene and Sanitation." Leader—Mrs. Ed Cameron.
- DECEMBER 13
"The Health of School Children." Leader—Dr. J. H. Fletcher.
- JANUARY 10
"Co-operative Agencies." Leader—Prof. W. N. Saathoff.
- FEBRUARY 14
"Vocational Education." Leader—Mrs. W. A. Schmitt.
- MARCH 13
"Recreational Resources of a Community." Leader—Miss Selma Lewis.
- APRIL 10
"The Larger Outlook." Leader—Mrs. G. W. Monkhouse.
- MAY 8
"The School Vacation in the Community." Leader—Prof. P. B. Peterson.

To The Public.

I want to thank the people of Hondo and Medina county for the liberal patronage given me in the past, and owing to the fact that I will not be able to canvas the county I will appreciate, and guarantee perfect satisfaction, if you will write me your wants for anything in the fruit or ornamental line.
JOHN A. HEAD, Agent,
6-2m Hondo, Texas.

Taken Up.

A brown Mexican cow about eight years old, marked over and under bit in right ear and over bit on left, and branded IU on right ribs, G with a dash and dot under it following the G on left loin and a Spanish brand on the left hip. Owner can have same by paying all expenses.
H. R. BAILEY,
Hondo, Texas.

Italy and Civilization.

The history of Italy is, with the exception of Greece, the most illustrious in the world. In art, especially painting and sculpture, Italy stands pre-eminent. In literature her place is, to say the least, in the front rank. In science, she has borne a conspicuous position, and in music her place is easily second, if not first. In fine, Italia's story is more brilliant than that of any other country except Greece, and to Greece she is a very close second.

A Triumph Lacking.

The teacher had told the story of David and Goliath.
"There wasn't any baseball in those days," said the thoughtful boy.
"No."
"It's a pity—David ought to have made a great pitcher."

The best of plans fall out, and the best of friends get married.

Service to others is the correct measure of manhood.

Farmers' Union Warehouse Now Open for Business.

On September 1st we opened the Warehouse and gave J. W. Crow authority as our manager to store, ship and sell cotton in bulk; also to buy and sell on a commission basis all produce, grain, hay, and anything the farmer has to sell. Give him a chance at whatever you have for sale. We are now better prepared to do business than ever before.

Respectfully,
THE FARMERS' UNION WAREHOUSE CO.
OF MEDINA COUNTY,
By Directors.
